MEMORANDUM

20 April 2020
File No. 129342-031

SUBJECT: Notification of Intent to Initiate Closure of a CCR Surface Impoundment – Pond 004
New Madrid Power Plant
New Madrid, Missouri

Associated Electric Cooperative, Inc. (AECI) owns and operated the existing coal combustion residuals (CCR) surface impoundment referred to as Pond 004 (Unit) at the New Madrid Power Plant (NMPP) located in New Madrid, Missouri. This CCR surface impoundment no longer receives CCR and non-CCR waste streams generated by the NMPP and recently removed the known final volume of CCR from the CCR unit for the purpose of beneficial use of CCR as of 17 April 2020.

In accordance with §257.102(e)(1)(ii) and §257.102(g) of US Environmental Protection Agency's (EPA's) Hazardous and Solid Waste Management System; Disposal of Coal Combustion Residuals from Electric Utilities, 40 CFR Part 257 (CCR Rule) effective 19 October 2015, including subsequent revisions, AECI is providing this notification of their intent to initiate the closure of Pond 004 by removal of CCR.
